

ePAWs 2.0 - Release Notes

Release Date: September 24, 2026 | Version: 5.15.0

Overview

This release includes user-facing fixes and enhancements for transaction processing, proposal and award records, routing access, and user profiles. Technical deployment, integration, database, and system-administration items are not included in this user-facing document.

Bug Fixes

Transactions

- Cancelled Transactions Displayed in Related Records: Cancelled transactions are now displayed on the Related Records Transactions tab. (NEUEPAW-16596)
- Cancelled Transaction Amounts Removed from Award Summary: Corrects an issue where amounts from cancelled transactions could still appear in the Award Summary. (NEUEPAW-16589)
- Legacy Proposal Status Restored After Award Request Cancellation: Corrects an issue where cancelling an Award Request changed a legacy proposal status to Draft instead of returning it to Submitted to Sponsor. (NEUEPAW-16569)
- Award Wizard Opens for Cancelled Transactions: Resolves a 400 error that appeared when users opened the Award Wizard for a cancelled transaction. (NEUEPAW-16567)

Proposals and Awards

- External Organization Verification Error Corrected: Resolves an external organization verification error affecting proposals 27-AP-00151 and 27-AP-00113. (NEUEPAW-16559)
- Award Save No Longer Changes Submission Type or Record Category: Corrects an issue where saving an award unintentionally updated the Submission Type and Record Category. (NEUEPAW-16541)
- Proposal Wizard Link Opens Without Error: Resolves a 400 error that occurred when users selected the Proposal Wizard link. (NEUEPAW-16528)
- College Administrator Editing Access Corrected: Allows College Administrators to edit records at the first routing stop based on their affiliation. (NEUEPAW-16435)

User Profiles

- Title Lookup Works When Adding an Appointment: Corrects a title lookup failure caused by an empty title record when adding an appointment to a user profile. (NEUEPAW-16555)

Improvements and Enhancements

Transactions

- Transactions Can Be Moved Between Awards: Adds the 5.15.0 update for moving transactions from one award to another. (NEUEPAW-16571)
